

AGN. NO. _____

MOTION BY SUPERVISOR DON KNABE

March 30, 2004

The purpose of Public Health Week is to increase community awareness and understanding of the on-going efforts made by the County's Department of Health Services, Public Health, and its partners in preventing diseases and ensuring a healthy environment for all County residents. This is a collaborative effort with various community groups, organizations and schools.

This is the seventeenth Public Health Week celebration. The theme is, "Keys to Good Health: Physical Activity and Nutrition."

I, therefore, move that the Board of Supervisors declare the week of April 5-11, 2004 as Public Health Week throughout Los Angeles County and invite all residents to attend the many activities and clinics that are scheduled throughout the County. The schedule of events can be found in the Public Health web site, <http://www.lapublichealth.org>.
